

CABLE COMMITTEE,

STEVE, DONNA, AND TIM W. FROM COMCAST WENT TO THE TOWN OFFICE SATURDAY MORNING FOR 1 1/2 HR. THERE IS NOTHING WRONG WITH THE MODULATOR AND TIM SAID THAT WE HAVE OUR OWN BACK AND HE HAS THE ONE THAT WAS ON LOAN TO THE TOWN. HE IS GOING TO PUT A STATION BACK ON THE AIR, THAT IS SO IF THERE IS SOMETHING WRONG WITH THE MODULATOR IT WILL BE PICKED UP BEFORE A MEETING. SO WE WENT TO THE BLACK BOX AND THERE ARE 4 DIALS THRESHOLD AND RATE. THAT WAS TURNED SO THAT IT WASN'T GOING OUT OVER THE AIR. WE HAD FLORENCE WHELDON AND LEON GREGG LISTEN WHILE IT WAS BEING ADJUSTED AND THEY REPLIED THAT IT CAME IN BETTER THAT EVER, IT WAS THE BEST. WE NEED TO GET SCREENS (LITTLE SPONGES) TO GO OVER THE MICS. TIM FEELS THIS WOULD HELP THE BACK GROUND NOISE LIKE PAPER, AND NOT HURT THE AUDIO. WE WILL BE GETTING PRICES FOR VCR AND DVD REPLAY EQUIPMENT. AND WILL COME BACK TO THE MEETING AND SEE THE BEST WAY TO GO. GOING TO GREAT NORTHERN VIDEO TO SEE WHAT THEY RECOMMEND.

AT THE END WHEN WE FINISHED I ANNOUNCED FOR A TEST: THE CABLE COMMITTEE THANKS THE CITIZENS OF WEARE FOR YOU PATIENTS. WE WOULD LIKE TO THANK TIM FOR HELPING WITH THE AUDIO SATURDAY MORNING. AND THANK YOU FLORENCE WHELDON AND LEON GREGG FOR TAKEING THE TIME TO GIVE US FEED BACK. WE WOULD LIKE TO SEE IF MELCOM OR SOME ONE TO PUT A PIECE OF PLEXI GLASS AND LOCK IT THAT WAY WE CAN KEEP TRACK OF THE LIGHTS AND NO ONE CAN PLAY WITH THE MIXER.

THANK YOU

DONNA
